1. Perform a **PRACTICE TEST SESSION** regarding the four forms of the test found at the end of lesson 1.23.
2. **DISCUSS** the video watched on Day 30 concerning the priority of essence over form in one's earliest attempts at communicating in a new language. Give the students examples when you yourself conveyed a message to a native speaker of the target language, albeit imperfectly, that it was important for you to be able to express. Talk also about the sense of satisfaction that gave you.
