

Type of lesson: Testing and Enrichment

Lesson number: ULAT 2.2

Lesson objective: Test the students' ability to use interrogative words

Activities

1. Display the day's lesson plan on the classroom screen and leave visible until after attendance is taken.
2. Attendance
3. Randomly select the first student to be tested and seat the students accordingly (as per the schemas found on the preceding page). Inform the students of the assignment they are to pursue independently after having been tested. This assignment will either concern a movie excerpt they watched or a reading they performed the previous day or rather some form of cross-cultural communication they are to carry out.
4. Immediately upon completing the last test, for oral participation credit, engage the students in discussion regarding the movie excerpt, the reading or their cross-cultural communication. In the case of student-created cross-cultural communication, display the students' work on the classroom screen.
